

The 10 Best Prompts to Tackle Classroom Tasks

Being a teacher is tough! Whether it's helping students master challenging concepts, engaging parents and families across the community, or just staying on top of the latest educational research, there's never enough time for everything. And the Khan Academy team gets that especially deeply, since so many of us got our start in the classroom.

Which is why we're excited about using AI to take some of the drudgery out of the many tasks we had to tackle in a typical day - and maybe even make them, dare we say, a little fun? 😊

So try out our Top 10 list of prompts below with your favorite chatbot. And then, if you like what you see, give our very own [Khanmigo Teacher Helper](#) a try since it was custom designed to help with lesson plans, rubrics, and all the many teacher challenges we've faced!

1) Lesson Planning

- "Can you help me brainstorm ideas for a creative lesson on [topic]?"
- "Generate an outline for a [grade level] lesson on [subject]."
- "Provide me with some engaging activities for teaching [concept]."

You can also grab our [free prompt guide for lesson planning](#).

2) Grading and Assessment

- "Generate sample questions for a quiz on [topic]."
- "Can you suggest a rubric for assessing [project/assignment]?"
- "Calculate the average score for my students' recent tests."

3) Communication with Parents

- "Compose a parent-teacher conference email template."
- "Draft a newsletter to update parents on classroom activities."
- "Help me write a personalized note of encouragement to [student's name]."

4) Classroom Management

- "Generate a list of classroom rules and expectations."
- "Suggest strategies for managing disruptive behavior in class."
- "Create a seating chart for my students."
