Four-week

KHANMIGO STUDY PLAN

15 minutes a day!

Confidence booster for 7th grade math!

Feeling uneasy about your math class? Follow this 4-week plan created by Khan Academy's AI-powered tutor, Khanmigo. In just 15 minutes a day (with breaks for the weekend) you will be ready to conquer your math class. 🚀

WEEK 1

Take a challenge and start strong

1	2	3	4	5	6	7
Take the course challenge and review results.	In Unit 1, watch video & do practice set on skill marked "next for you"	Watch video on next skill. Do a practice set.	Watch video on next skill. Do a practice set.	Review skills and take a quiz or unit test.	Take a break!	Take a break!

PROGRESS > PERFECTION

THERE IS NO LIMIT TO HOW SMART I CAN BE!

WEEK 2

Work on fractions, decimals, and percentages

1	2	3	4	5	6	7
In Unit 2, watch video & do practice set on skill marked "next for you"	Watch video on next skill. Do a practice set.	Watch video on next skill. Do a practice set.	Review skills and take a quiz or unit test.	In Unit 3, watch video & do practice set on skill marked "next for you"	Take a break!	Take a break!

WEEK 3

Tackle rates and proportional relationships

1	2	3	4	5	6	7
Continue Unit 3. Watch video on next skill. Do a practice set	Watch video on next skill. Do a practice set.	Review skills and take a quiz or unit test.	In Unit 4, watch video & do practice set on skill marked "next for you"	Watch video on next skill. Do a practice set.	Take a break!	Take a break!

LITTLE CHANGES ADD UP OVER TIME TO MAKE A BIG DIFFERENCE!

WEEK 4

Discover geometry. Celebrate your progress!

1	2	3	4	5	6	7
Continue Unit 4. Watch video on next skill. Do a practice set	Review skills and take a quiz or unit test.	In Unit 5, watch video & do practice set on skill marked "next for you"	Watch video on next skill. Do a practice set.	Take the course challenge and review progress.	Take a break!	Celebrate! You're ready for 7th grade!

FRUSTRATION IS HOW I GROW MY BRAIN!

STRUGGLE MAKES ME STRONGER
