

Four-week

KHANMIGO STUDY PLAN

15 minutes a day!

Prep for your AP® Physics 1 Exam

Brush up before your AP Exam! Follow this 4-week plan created by Khan Academy's AI-powered tutor, [Khanmigo](#). In just 15 minutes a day (with breaks for the weekend) you will feel more confident about your upcoming exam. 🚀

WEEK 1

Take a challenge and start strong

- 1 Take the course challenge and review results. (Takes 30-45 min)
- 2 Work on a skill in your course challenge results where you down leveled.
- 3 Watch a video and do a practice set for the next skill that you down leveled.
- 4 Watch a video and do a practice set for the next skill that you down leveled.
- 5 Review skills you worked on and take a quiz or unit test.
- 6 Rest day. Even adventurers need a break!
- 7 Take a break!

PROGRESS > PERFECTION

WEEK 2

Tackle your areas for improvement

- 1 Watch a video and do practice set on a skill labeled as "Not Started" on the course page.
- 2 Watch a video and do a practice set for the next skill labeled as "Not Started."
- 3 Watch a video and do a practice set for the next skill labeled as "Not Started."
- 4 Watch a video and do a practice set for the next skill labeled as "Not Started."
- 5 Review skills and take a quiz or unit test.
- 6 Take a break!
- 7 Take a break!

THERE IS NO LIMIT TO HOW SMART I CAN BE!

WEEK 3

Keep going! Keep growing!

- 1 Take the course challenge again and review your progress.
- 2 Watch a video and do a practice set on a skill labeled as "Attempted" on the course page.
- 3 Watch a video and do a practice set for the next skill labeled as "Attempted."
- 4 Watch a video and do a practice set for the next skill labeled as "Attempted."
- 5 Review skills and take a quiz or unit test.
- 6 Take a break!
- 7 Take a break!

LITTLE CHANGES ADD UP OVER TIME TO MAKE A BIG DIFFERENCE!

WEEK 4

Finish strong in your final week

- 1 Watch a video and do a practice set on a skill labeled as "Familiar" on the course page.
- 2 Watch a video and do a practice set for the next skill labeled as "Familiar."
- 3 Watch a video and do a practice set for the next skill labeled as "Familiar."
- 4 Watch a video and do a practice set for the next skill labeled as "Familiar."
- 5 Take the course challenge again and review your progress.
- 6 Take a break!
- 7 Celebrate! You're ready for the AP Physics 1 Exam!

FRUSTRATION IS HOW I GROW MY BRAIN!

STRUGGLE MAKES ME STRONGER
